## Lunar Pouch

*"82% of K-12 school teachers say cellphone distraction is a major problem in the classroom. The constant alerts and distractions caused by smart phones can take away from students daily learning, activities and interactions."*

-- Pews Research Center

***"I fully support minimizing classroom distractions, but it's crucial for me that my child can access their phone during emergencies. Safety shouldn't be compromised."***

-- Brenda E. Redlands School District Parent

*"I love the benefits of banning cell phones—better focus and less bullying—but there needs to be a safety plan that gives all parents peace of mind."*

-- Richard M. Long Beach School District

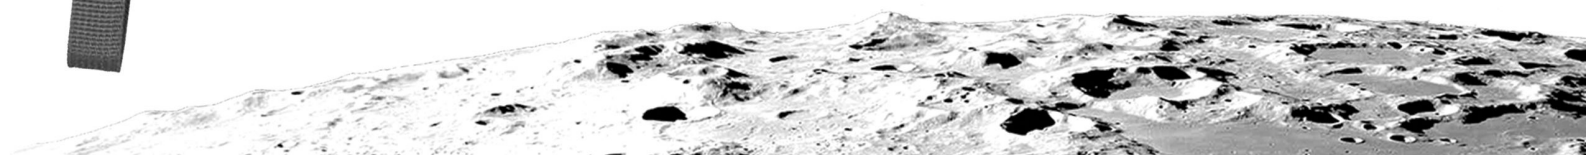

## Solution

### ◀◀◀ ETT- Emergency Tear Technology

We've designed a specialized one-time use **ETT** emergency solution that allows users to tear the red pull-down tag situated on the back of the pouch, providing them emergency access to their device.

- **Distraction-free learning:**  
Schools use them to reduce distractions in the classroom, fostering a more focused learning environment.
- **Reduced anxiety:**  
Some schools believe keeping phones on students, even locked, can reduce anxiety compared to requiring students to hand them over.
- **Improved engagement:**  
Some schools report that students are more engaged in class and lunchtime activities when phones are put away.
- **Accessibility for certain events:**  
Lunar pouches are also used at concerts and other events where organizers want to restrict phone use and recording.

**Lunar Innovations** is a cutting-edge technology manufacturer dedicated to providing comprehensive hardware solutions for the next generation of classrooms. Our mission is to empower educators and students by delivering high-quality, innovative products that meet the evolving needs of modern education. We are committed to becoming the largest full-service classroom solution provider in the industry.

**Lunar Pouch** is our flagship product that reduces the intrusion of personal technology, creating necessary, distraction-free environments for students, educators, event venues, organizations and businesses.

## Lunar Pouch

### Features

#### ◀◀◀ ETT - Emergency Tear Technology

We've designed a specialized one-time use **ETT** emergency solution that allows users to tear the red pull-down tag situated on the back of the pouch, thereby providing emergency access to their device.

#### • ID Card Holder

Our Lunar Pouch is equipped with an ID card holder on its backside, providing a means for users to determine ownership.

#### • Carry Strap

Users can conveniently carry their Lunar Pouches from one area to another thanks to the included side strap.

#### • Lightweight Material

SBR combined with polyester was utilized in the production of our Lunar Pouches. This material imparts a lightweight quality to the pouch and facilitates easy cleaning.
